OBJECTIVE OF CONFERENCE

As the world today has gathered huge amount of data over the past few years. It is the need of hour to find solutions for proper and effective use of this accumulated data. The overwhelming need evolved new technologies such as Data Mining and Machine Learning. Data Mining has become the primary need in every field and still has not achieved its maturity. There are new methods and tools being evolved in developing this indispensable field. To name a few emerging core areas where data mining and machine learning are finding importance are medical, extraction of information on web, predicting trends in stock market, weather forecasting for agriculture etc.

This conference aims to bring together leading academic scientists, research results related to Data Mining and Machine Learning and also to discuss the practical challenges with solutions encountered during their research.

Topics

The areas included but not limited to:

- Data Mining and Knowledge Discovery
- Information Storage & Retrieval
- Machine Learning Techniques
- Bio-Informatics
- Genetic Algorithms
- Data and Information Integration
- Privacy Preserving Data Mining
- Statistical Methods Used in Data Mining
- Multidimensional Data
- Knowledge Discovery in Databases
- Search Engine Query Processing
- Semantic Web and Ontology
- Image, Video, Audio and Intelligent Mining
- Agent Based Mining
- Patter Recognition Techniques

- Security Issues in Social Networks
- Social Networks
- Noisy Data
- Graphical Models and Structured learning

ABOUT MNIT

Malaviya National Institute of Technology (MNIT), Jaipur is one of the NITs established by Ministry of Human Resource Development, Government of India. The Institute, earlier known as MREC, was established in 1963 as a joint venture of the state and central Governments. Later in 2002, the college was given the status of National Institute of Technology and on August 15, 2007, proclaimed Institute of National Importance through Act of Parliament. MNIT campus spreads over 325 acres of lush green area in the prime location of Jaipur city. The Institute has completed its Golden Jubilee year 2012-13 and as a part of year-long celebrations of its 50 years of teaching and excellence, various academic activities were organized. At present, in addition to research, consultancy and developmental activities, the Institute offers UG and PG (M. Tech./M.Sc. & Ph.D.) level courses to about 5000 students in almost all leading fields of engineering, technology, management and sciences.

HOW TO REACH MNIT

Jaipur is well connected by road, rail and air services. MNIT is situated on Jawaharlal Nehru (JLN) Marg and is about 9 kms from Main-railway station as well as Central Bus Stand (Sindhi Camp) of Jaipur. Airport (located at Sanganer) is about 6 kms away from the institute.
